

The Port Arthur News

VOL. XXII, NO. 74.

PORT ARTHUR, TEXAS, FRIDAY, MARCH 16, 1923.

FIVE KILLED BY STORM, SEVERAL ARE MISSING

SHORT STORIES

Facts With Fills, Fictions and Otherwise.
By "S. S."

Colder.
Income tax is all outgo.
Fine weather for ducks.
Good chance for an overcoat sale today.

ONE YEAR AGO TODAY was also the day after.
"Piping Hot" cafeteria popular with coffee drinkers.

Gulf company incommunicado today. Phone wires down.

WHICH ONE?—Palestine man says it's fine hogkilling weather.

Model Addition lights out for an hour last night during the storm.

Uncle Sam should smile today. He got a big wad out of Port Arthur.

THE HEIGHT OF POPULARITY: Willis Lane and Dever's Woods.

TIP FOR WIVES: Treat your "ball-and-chain" tonight to a hot Mulligan stew.

Dr. and Mrs. E. D. Ames, 1923 Sixth street, announce the birth of a daughter in Mary Gates hospital today.

Professor Paul de Foi Gras is serving on the grand jury this week. Don't know the professor? Why, "Sug" Harrell, of course.

CRIMOS TO BE CROWNED: The bird who stops his ear in the middle of the street to pass the time of day with an acquaintance.

James Matthews Smith joined the 6th Coast Artillery today, and will be sent to the Philippines for duty. Recruiting Sergeant Wylie says.

"Uncle Joe" Wamborn announced as prospective candidate for mayor was at commissioner's meeting Wednesday. "Just seeing how it's done," he said.

P. E. P. club sunrise breakfast at Magnolia Park in Beaumont has been postponed on account of the weather. Mrs. A. M. Kutan, sponsor, announced today.

First S. Y. L. taking lessons in driving a car. In parking, which side of the car should be nearest the curb? Second S. Y. L. The side which is next to the sidewalk.

DAILE POME
That cow that crossed the highway When that car was passing by Was hit so hard, S. S. is told. That her passing was no die!

With "Fritz" Simmons, shooting "chocolate drop" stowed away in the county jail, police are now searching for "Snowball" Ed Lewis, negro, for cutting another negro at the Gulf Company Thursday.

New firm—Mrs. M. E. Hammond today entered the ranks of Port Arthur's business women when she took charge of the Post Office Confectionery, Fifth street and Waco avenue. Mrs. Hammond purchased the stand from T. R. Smith.

Mayor Logan reports the sad experience of a friend woman who ordered a bowl of hot fish. "She mistook some soup flakes for fish food and fed them to the fish," he says. "She realized the mistake later. That was after the fish had died!"

CHEERFUL THOUGHT—Income tax will be paid annually for thirty more years. During that time U. S. will have been in five more wars, says modern prophet. And then there'll be hell to pay. (S. S. can use it if Rev. Oeschger can).

Speaking of mud, rats and canaries, rumor has it mud cow tried to bite rat when off one of Ed Lin's Baby Lincolns on Beaumont road this morning. If the flivver develops symptoms foundmaster Allen will have his hands full.

Members of the cast of the two plays, "The Million of Dreams" and "The Hot Bolters," headed by the High School band, parade downtown this afternoon at 4 o'clock. The plays will be given by the Seagull staff tonight at Franklin auditorium at 8:15 o'clock.

FROST
LOCAL FORECAST: Tonight fair; continued cold with frost. Saturday fair; warmer.
East Texas: Tonight fair, not so cold in the interior; frost to the coast. Saturday fair; warmer.
Winds on Texas Coast: Light northerly to easterly tonight, becoming southerly Saturday.
Maximum temperature, 71; minimum temperature, 41; precipitation, 1.32.
Year Ago Today: Maximum temperature 68; minimum temperature 48.
Sunset this evening 6:25 p.m.
Sunrise tomorrow 6:30 a.m.
TIDE RECORD
Time of high and low water at Sabine Pass Light under normal conditions on Saturday, March 17, taken from tables prepared by U. S. Geodetic Survey:
High tides 4:30 a.m. 4:18 p.m.
Low tides 9:30 a.m. 9:01 p.m.

CITY LASHED BY TAIL OF NORTHER

Frost Tonight Forecast By Carson

MANY WIRES DOWN

Rain, Wind, Sleet and Hail Port Arthur's Portion

Frost tonight is the warning sent out this afternoon by Observer Ernest Carson following a wave of cold weather that swept the city late Thursday with a gusto and threatened to hold Port Arthur in its grip for many hours.

As a result of the heavy rainstorm, accompanied by a light wind last night, wires were reported down all over the city. For one hour during the rain Model addition was without electric lights.

Several Wires Down
Several telephone wires were torn from their poles in the business section during the storm and this morning it was reported that the Gulf Company and other places here were suffering "dead telephones," communications being cut off.

At the Realty building lightning last night struck the wiring crippling the elevator.

Total rainfall during the rainstorm aggregated 1.28 inches, Carson said today, while the highest wind blew out of the northwest at an average of 34 miles an hour.

The cold wave sent the thermometer on its first downward plunge at 6 o'clock Thursday afternoon, and the second point in the night and early today was recorded when the thermometer reached 41 degrees above zero.

Early Skills of Sleet
Sleet, caused by cold strata of air lying between the alto stratus clouds and the earth's surface began falling at 5:45 this morning and continued until 5:49. Later a heavy fall of sleet was registered in the city, falling from 6:58 a. m. until 7:15.

According to Observer Carson, the sleet this morning is the second to have fallen this year a light down-fall having been registered on Feb. 4.

CIVIL SERVICE LAW UP TODAY

Revised City Measure in Accordance With Charter

The civil service ordinance comes back to the city commission this afternoon. Passage of the ordinance under suspended rules will be sought by Commissioner A. A. Poter, he said today.

Slight revision of the ordinance since it was first presented to the city commission about two weeks ago has been completed by V. J. Wistner, city attorney. When the ordinance was first presented, a motion that it be passed to a second reading was lost and the document was ordered back to the city attorney's department for revision.

Provision for the establishment of civil service system in the city's department was made in the charter amendments voted several months ago. Mayor Logan and Commissioners Poter and Wade have expressed themselves in favor of adopting the system, but objection to the civil service ordinance as it was presented two weeks ago developed, and further revision was ordered.

FUNERAL FOR BONNETTE INFANT HELD TODAY

Funeral services for Lela Leona Bonnette, 2 months old daughter of Mr. and Mrs. A. Bonnette, 1029 Fourteenth street, were held at 3 o'clock this afternoon from the Catholic church, Rev. A. G. Gratton, officiating. Burial was made in Calvary cemetery, under the direction of J. E. Grammer, undertaker. The infant died Thursday afternoon about 1 o'clock, after a 10 days illness.

Surviving besides the parents are two sisters, Kate and Harriett, one brother, Randall, and the grandmother, Mrs. L. J. Biviere.

A NEW EASTER 'BONNET' FREE TO SOME WOMAN! WHY NOT YOU?

Have you drawn that hat yet? Your chance to win a new Easter bonnet absolutely free ends on March 21.
Here's what to do: simply draw or design your idea of a hat on the model picture on page 2, then write a short description of the design and mail or bring it to the Hat Editor of THE NEWS.
If your design is the best from the standpoint of harmony and style you will be given your choice of 12 model hats picked by 12 famous Paris designers and posed by Willie Burke in the April issue of The Ladies' Home Journal. The hats will be on display in the Hodges Co., Inc., windows within a few days. You may take any one of these 12 hats for yourself if you win the prize.
Now get busy and send in your drawing. It costs nothing to enter the contest. If you win you will be given the hat in time to wear Easter morning.

Income Tax Payments Exceed U. S. Estimates

\$1,500,000,000 RAISED FOR 1922

Treasury Official Sees Era of Prosperity

WASHINGTON, March 16.—Preliminary reports from federal tax collectors indicate that the American people paid slightly in excess of \$400,000,000 in income taxes yesterday, treasury officials said today.

The total may reach \$420,000,000, which would be \$20,000,000 greater than the amount received on the same date last year.

Exceeds Predictions
Previous predictions of the treasury were that the payment would amount to \$400,000,000.

The tax returns made yesterday, call for an annual payment of nearly \$1,500,000,000, it was estimated. Treasury officials believe that the increase in taxes in the face of reduced rates is a barometer of healthy business revival that was in progress last year.

Business Better
Some of the important corporation returns received several days ago are said to clearly show better business conditions last year, as compared with 1921, which suffered from the post-war reaction.

In addition to the taxes collected for in returns filed yesterday, an additional sum ranging from \$100,000,000 to \$200,000,000 probably will be received this year from back taxes. This will be partly offset by tax refunds amounting to from \$50,000,000 to \$75,000,000.

The exact amount of the taxes received for yesterday will not be known for several days, as great heaps of returns, filed at the eleventh hour, were in the collector's office this morning.

The government already has paid out most of yesterday's tax receipts as certificates of indebtedness totaling \$900,000,000 became due on March 15.

The great financial center of New York reported that payments there indicated an increase of from ten to fifteen per cent over last year.

Farming Districts Prosperous
Kansas City, the heart of the nation's great agricultural region, reported that a 20 per cent increase is probable despite the general belief that conditions in the farming regions were poor last year.

Indicating that the greater prosperity extended all over the country, increases were noted at San Francisco with much prompter payments.

Chicago, also partly dependent on the agricultural section for its prosperity, reported an increase of \$5,000,000 or about 15 per cent.

The increase at Cincinnati averaged nearly 20 per cent upon the basis of incomplete tabulations.

IDENTIFIES GUN

Holt's Brother Testifies in 'Black Terror's' Trial

WACO, Texas, March 16.—Slow progress in the trial of Roy Mitchell, alleged "black terror," charged with the murder of five persons, and being tried for the slaying of W. E. Holt, 45, today indicated it would drag into next week.

Jacob Holt, brother of the murdered man, took the stand and identified a pistol, allegedly found in Mitchell's house, as that of his brother's.

George Jackson, deputy sheriff, told of finding a gun, believed to have been used in the slaying, and rope, alleged to have been used in dragging Holt's body behind an automobile, in the murderer's house.

RUSSELL GIVEN DECREE
LONDON, March 16.—The Hon. John Russell was today granted a decree in his divorce suit against his wife, Christobel, whom the court found guilty of misconduct with an unknown co-respondent.

NAME SAN ANTONIO CONDUCTORS' CHIEF

CEDAR RAPIDS, Iowa, March 16.—E. P. Curtis, San Antonio, Texas, vice president of the Order of Railway Conductors, was elected general secretary-treasurer to succeed C. E. Whitney, whose death occurred recently. The appointment was announced late yesterday by L. E. Shephard, president of the order, after a three-day executive conference.

'LADIES NIGHT'

Lions to Be Hosts at Plaza At 7:30 Dinner

Tonight at 7:30, the Lions Club will have their wives, sweethearts and lady friends as their guests at a dinner musicale at the Plaza hotel. Plans for the entertainment of the gathering are complete. C. R. Keever, chairman of the club's entertainment committee, announced today. Covers for about 100 Lions and their guests will be laid.

Cool—at Fire!

GAS ORDINANCE TO PASS TODAY

Rate Tangle to Be Disposed Of By Council

"Irrespective of what the outcome will be, the gas ordinance will in all probability be passed this afternoon."

This was the assertion of Mayor Pink Logan this morning, when approached concerning the status of the gas case.

"I am not interested in any outside influence," the mayor remarked. "I am quite certain that the ordinance calling for a rate of \$2.25 will be passed finally at the commissioners' meeting this afternoon."

Approved by Committee
The provisions of the ordinance were, in effect, approved by the citizens' committee called in executive session Wednesday evening, and other organizations are understood to have gone on record as endorsing the rate proposed in the ordinance.

Following the conference, F. Y. Low, manager of the Peoples' Gas company, told a News reporter that any action taken at the executive session of the committee on Wednesday evening was "illegal," and that in substance, the gas company is disinterested in any steps the ordinance might suggest.

Federal Court Looms
Mr. Low's assertions, and the action of the city commissioners is taken to indicate that the ultimate passage of the ordinance will have the tendency of throwing the gas tangle back upon the shoulders of the federal courts for final settlement.

JUDGE ORDERS NATION WIDE HUNT FOR CLARKE

HOUSTON, Texas, March 16.—A nationwide search for Edward Young Clarke, former noted imperial wizard of the Ku Klux Klan, was on today following the declaration by Federal Judge J. C. Hutcheson here that Clarke was a fugitive from justice.

Clarke was indicted by a federal grand jury here February 28, charged with violation of the Mann white slave act and the date of his hearing set for March 12.

NAME SAN ANTONIO CONDUCTORS' CHIEF

CEDAR RAPIDS, Iowa, March 16.—E. P. Curtis, San Antonio, Texas, vice president of the Order of Railway Conductors, was elected general secretary-treasurer to succeed C. E. Whitney, whose death occurred recently. The appointment was announced late yesterday by L. E. Shephard, president of the order, after a three-day executive conference.

FOSTER A RED

Witness Identifies Him As One of Radical Delegates

ST. JOSEPH, Mich., March 16.—William Z. Foster, Chicago, today was identified as one of the delegates to the Bridgman communist convention by Jake Spolsky, department of justice agent who led the federal authorities in the raid on the meeting.

The witness stated he saw Foster, Earl Browder, C. E. Ruthenberg, Earl Lindgren, Joseph Zack and others whose names he could not recall when he visited Bridgman a few days before the convention.

2,000 HERE PAY INCOME TAXES

Collectors Busy Until Midnight Thursday

Approximately 2,000 persons made income tax returns at the federal building here from February 23 to midnight Thursday.

While N. M. Williams, deputy collector of internal revenue from Beaumont, and C. R. Woolsey, deputy collector from Houston, would not state definitely the total of income taxes paid, and while neither would state the number of incomes filed with them during the period from February to March 15, they let it be known that about "2,000 persons filed returns with us."

"All these returns were made on form 1048," Mr. Williams said this morning, this form covering incomes of less than \$5,000 for the current year 1922.

Those who filed tentative returns, Mr. Williams said, referring to local corporations, must make their final returns by June 15.

It is understood that no large corporation made returns with the deputy collectors sent here, their services being practically confined to assisting private income payees in making out the forms correctly.

Woolsey arrived here on February 23 from Houston and opened the offices in the federal building and with Williams was busily occupied in writing returns until almost midnight Thursday night.

Both deputy collectors left Port Arthur this afternoon for their respective homes.

Death Beckons Man Living With Spinal Cord Severed

After 48 Days of Coma, Fort Worth Citizen Shot By Officer in Booze Raid Asks For Baptism

FORT WORTH, Texas, March 16.—M. H. Haley, with his spinal column smashed and his spinal cord punctured, today waited for death in a local hospital.

Slowly but surely, it is creeping on him, declare his physicians, who have watched over him 48 days since a bullet crashed through his spine, rendering half of his body numb.

Surgical Mystery
"How he has lingered this long, we do not know," Dr. Alden Coffey, one of the physicians, told the United Press. "But he can not live much longer. There is no chance for him to escape death. No man ever survived a splintered spine."

Haley, who was shot during a liquor raid near here on the night of Jan. 28, knows death is near. Regaining consciousness, he feebly asked for a minister to baptize him. In the faith of his people, he preferred emersion, but as hospital authorities said this was impossible in his condition, he was sprinkled.

Once 170, Now a Skeleton
"He is fading," his wife, who has remained at his bedside, watching him sink from a robust man of a 170 pounds, to a living skeleton, declared today. "I have been with him since he was shot. Each day I have watched him, but during the last two days his decline is more noticeable than before."

"I feel no fear to die; he only wants forgiveness of God and he is ready to go."

NEFF APPOINTS WACO WOMAN HIS SECRETARY

AUSTIN, Texas, March 16.—Governor Neff today announced the appointment of Mrs. Eason Stanford of Waco, to be his private secretary, to succeed R. B. Waldhall, resigned to accept appointment as chief supervisor of the oil and gas division of the railroad commission and who entered upon discharging of his new duties today. Mrs. Stanford has served as first assistant secretary to Governor Neff since the beginning of his administration January 11, 1921. She is the first woman to hold the position of secretary of a Texas governor.

Jewel Bandit Victim

NEW YORK, March 16.—Dorothy King, beautiful artist, model found dead from an overdose of chloroform may have been a victim of a gang of parasites, similar to the band which robbed Mrs. Irene M. Rhoads of \$500,000 worth of jewels here, police investigation today disclosed.

Missouri Bank Looted

WELLINGTON, N. Z., March 16.—Five armed bandits today escaped with \$15,000 in currency from the Wellington State Bank.

List Your Vacant Rooms

Over 100 skilled workers came in on one train yesterday for work at one of the refineries. They are now at work. Board and lodging is badly needed. Have you a vacant room? List it now.

JURY VINDICATES KLAN MEMBERS

Fails to Find Grounds for Indictments at Bastrop

PARISH PROBE ENDS

State Officials Consider Re-Opening Case

BASTROP, La., March 16.—Bills of information against persons charged with complicity in the "reign of terror" here were considered by state officials today following failure of a grand jury to return indictments for the murder of Watt Daniel and Thomas Richards and other outlaws, of which the Ku Klux Klan had been accused by Attorney General Cogh and Governor Parker.

The grand jury in a report handed to Judge Fred Olson last night declared it had investigated the murders and other alleged crimes by hooded mobs and failed to find grounds for indictments against members of the Klan.

Probed 50 True Bills
Attorney General Cogh and his aides had predicted that 50 or more indictments would be returned by the grand jury as a result of testimony gathered at the open hearing a month ago and new facts presented the jurors.

The open hearing developed circumstantial evidence against a number of persons in the band which kidnapped Daniel and Richards last August.

Feudal trouble in Morehouse parish first attracted attention when Governor John M. Parker appealed to President Harding for federal intervention. Department of Justice agents and state officials sought evidence and the open hearings were ordered to prepare the case.

Find Skeletons of 30 Walled Up Alive in Old Religious Wars

PARIS, March 16.—Thirty skeletons believed to be those of men, women and children walled up alive during the religious wars in the time of Henry IV, were discovered today by workmen who broke into two ancient subterranean chambers at Creil, on the outskirts of Paris.

There were marks on the walls where the victims, smothering to death in their living tomb had scratched with futile finger nails in vain effort to escape. The very posture of the skeletons told mutely of the death agony of the prisoners.

The relics are entirely mystified by the discovery, but are certain the victims were walled up hundreds of years ago.

100 MORE GULF WORKERS ARRIVE

25 More Boilermakers Expected Saturday

Port Arthur's population was boosted by the arrival of 73 boilermakers and their families today, according to information obtained at the Chamber of Commerce this afternoon. It is understood that 25 additional employees who will probably work in the boilermakers' department of the Gulf refinery will arrive here Saturday.

The 73 additional employees who came today will be employed by the Gulf Refining company; it is understood.

Railroad Commission Takes Lumber Hearing Under Advisement

Frank Potts, traffic manager of the Port Arthur Chamber of Commerce and Shipping, returned from Austin last night, where he has been for the past several days representing the city in the lumber rate hearing conducted by the state railroad commission at its regular session.

"The lumber rate hearing," Mr. Potts said this morning, "was among the feature discussions of the commission's regular monthly meeting."

The hearing concerned the proposed revision of lumber rates as suggested by Texas railroad lines, and which affects East Texas. At some points in East Texas, according to Mr. Potts, the increases proposed by the railroads will aggregate 100 per cent.

No definite action was taken on the proposals, the commission will probably be delayed, in view of the fact that the commissioners were confronted with at the March session.

SLAYER CAUGHT

Negro is Spirited Away to Avoid Violence

HILLSBORO, Texas, March 16.—Leroy Harris, negro, alleged to have killed Wylie Smithson, white farmer, was held in an unannounced county jail by authorities today to avoid violence, according to reports here. Smithson was shot and killed by the negro when he reprimanded him for not bringing corn to the farm for planting, it is alleged.

NEFF APPOINTS WACO WOMAN HIS SECRETARY

AUSTIN, Texas, March 16.—Governor Neff today announced the appointment of Mrs. Eason Stanford of Waco, to be his private secretary, to succeed R. B. Waldhall, resigned to accept appointment as chief supervisor of the oil and gas division of the railroad commission and who entered upon discharging of his new duties today. Mrs. Stanford has served as first assistant secretary to Governor Neff since the beginning of his administration January 11, 1921. She is the first woman to hold the position of secretary of a Texas governor.

ADVENTURES OF THE TWINS

There stood a purple rooster, looking at them through a large pair of spectacles.

Nancy and Nick were looking at Jack Straw's house, standing around on top of a tree in the land. This is a picture of a house that is a tree.

"I know what I'll do," cried Nick. "I'll break another of the eggs that the Cut-Out Lady gave us."

So he broke an egg. Instantly a ladder appeared and as quickly hopped away toward the steeple, leaving itself up obligingly against the side.

"Hurry, Nancy, we'll climb it and get to Jack Straw's house," said Nick, starting to run. "I suppose you know what you are doing, but I'd be careful if I were you," said a voice.

"There stood a purple rooster, looking at them through a large pair of spectacles."

"Why?" asked Nancy. "Because if Jack Straw sees you and turns his magic ring, the ladder will tumble about your ears and then where will you be?"

"I'll break another egg and see what happens," said Nick. So he broke another magic egg and out tumbled a feather-bed.

"Cock-a-doodle-doo!" crowed the rooster. "I wonder what kind of a hen laid those eggs? They surely ought to bring more than 60 cents a setting!"

"Now I know where we'll be if we fall!" cried Nancy. "On the feather bed! Come, Nick, let's hurry."

"But 'speakin' put in the rooster, 'speakin' mean old Jack Straw turns his ring another time and a wind comes and blows all the feathers away!"

"I'll break another egg and see," said Nick. So he broke another egg, the last one, and what do you think? There was only a piece of paper in it.

"Well, I declare," said the rooster. "I guess our troubles will be over soon and Mrs. P. Land will be Apple-Pie Land again. That's the very paper I've been searching for. It tells

A PUZZLE A DAY

VICAR

The above is an incomplete word square. The word "VICAR" reads from left to right and from top to bottom. Can you fill in the stars with letters so as to form five words that read the same from the top to bottom as from left to right? The letter "W" in the lower right-hand corner is given as a starter.

Yesterday's answer: When the brakeman was struck by 18 sets of hanging couids, he knew the train had passed under nine bridges and tunnels, because the couids are placed at each end of a bridge or tunnel. As the train went under twice as many bridges as tunnels, and the total was nine, there were six bridges and three tunnels.

The flower that blooms too early is a blooming idiot.

IDEAL DEAL HERE FOR FIG GROWING

Stamp to Address Farmers
at C. of C. Saturday Eve.

"We can have figs and fig raising in Jefferson county as just as successful an enterprise as it is being carried on around Houston."

This is the prediction of Roy Stump, secretary of the Chamber of Commerce and Shipping, upon his return from Houston, Texas, where he spent several days during this week studying the fig raising around that community, and making a survey of the fig farms to be found in that vicinity.

"These people over there are making around \$400 per acre every year out of figs," Mr. Stump asserted this morning. "But it takes work—lots of it, too, and that's the only way it can be conducted in this county successfully."

Mr. Stump said that the soil of Jefferson county, especially around the vicinity of Port Arthur, is as adaptable to the production of figs as is that around Houston. It was his opinion that climatic conditions as far as the raising of figs are concerned, are very similar here to that of Houston, and he expressed the belief that if sufficient work is put on "the end of the rake, shovel and spade," as he suggested, that fig raising can be conducted here on a very profitable basis.

The findings of Mr. Stump on his Houston journey will be explained in detail Saturday evening at the meeting of farmers which will be held at 7:30 o'clock in the Chamber of Commerce auditorium.

Among the places he visited while in Houston was one fig farm of approximately 20 acres of highly cultivated lands, and from which the farmer had secured over \$8,000 in profits from his figs raised in 1922.

"And he is building himself and his son a bungalow this year from his profits," the secretary said.

CANADIAN ACCUSED OF FUND SHORTAGE

OKLAHOMA CITY, Okla., March 16.—Edward J. Donahue, alleged money lender, left here today in custody of Walter Owen, British provincial police, who is returning him to Vancouver, B. C.

Donahue is charged with misappropriating \$80,000 funds of a Vancouver firm of which he was manager, Owen said. Donahue denied he was evading arrest and waived all extradition rights.

855 ROTARIANS SIGN FOR DISTRICT CONFAB

Special to The News.
BEAUMONT, Texas, March 16.—Texas Rotarians nearly 1,000 strong, will gather in Beaumont Tuesday for the district conference. Up until today, 855 had registered for the conference, 400 of these registrations being accompanied by checks.

An extra large delegation from the Houston Rotary club is expected to attend the conference here, George J. Rourke, city manager and Rotarian, said upon his return from Houston Thursday, where he addressed the Rotary club and urged the members to attend the meeting Tuesday in Beaumont.

WATER METERS ON FREE LIST FOR ACTIVE DUTY

Seven water meters in use on lines to institutions in the city which are on the "free water" list today were taken out and stored for use on lines where charges are made for water.

Attention to the fact that the meters are not earning their upkeep, much less bringing returns on the money invested in them, was called in commissioners' meeting recently by Commissioner A. A. Foster, and their removal was immediately ordered by Commissioner B. J. Wade.

The meters have been in service at the city hall, the Red Cross hut, the Memorial Library, Mary Gates hospital and at the pleasure Pier pavilion.

If Ruptured Try This Free

Apply it to Any Rupture, Old or Recent, Large or Small and You are on the Road That Has Convinced Thousands.

Sent Free to Prove This
Anyone ruptured, man, woman or child, should write at once to W. S. Rice, 8731 Main St., Adams, N. Y., for a free trial of his wonderful stimulating application. Just put it on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the need of a support or truss or appliance is then done away with. Don't neglect to send for this free trial. Even if your rupture doesn't bother you what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands of men and women are daily running much risk just because their ruptures do not ever prevent them from getting around. Write at once for his free trial, as it is certainly a wonderful thing and has aided in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

Peoples: Charles Ray starring in "A Tailor Made Man."
Strand: Musical comedy, "Kitty Todd"; and picture, "Honor First."
Liberty: Frank Mayo in "The Altar Steps."
Peoples: Dustin Farnum in "North Bound."

Green Tree: "Forget Me Not" with Bessie Love starred.
"GATHBOND" As the attractive title of the Dustin Farnum production which is to open a two days engagement at the Peoples theatre Saturday of this week.

ACTION AND THRILLS
The lovers of screen action for its own sake will find a humming and debatable cup in "The East Mail." This fast action picture will open a three days engagement at the Peoples starting Sunday.

Cousins to Fight 5 P.C. Gross Tax Upon Texas Oil Production, He Says

BEAUMONT, Texas, March 16.—State Senator W. R. Cousins here today declared he will "fight to the last ditch" the legislation to put a five per cent gross tax upon oil production in Texas.

A 2 per cent gross tax on oil production is advocated by Senator Cousins, he said. This would yield the state \$1,000,000 more than the present rate of 1 1/2 per cent and more of a tax than two per cent would be confiscatory, Cousins said.

The 5 per cent tax on oil production was recommended by Governor Nef, according to Cousins. The house adopted a 3 per cent tax, but in the senate fight, led by Cousins, was for a 2 per cent tax on oil production in the state.

SHIP RATS TO BE KEPT OFF SHORE

Liddell Warns Masters of
Court Action

Warning that court action will be instituted against masters of vessels failing to comply with regulations to prevent rat infestation from ships, Dr. Liddell, surgeon in charge of the U. S. public health service for the district.

The order particularly applies to vessels entering from foreign ports, and from Galveston, which has never been declared a clean port, Dr. Liddell said. The warning that court proceedings will be instituted was issued following conferences with S. D. Bennett, United States district attorney. Cases where the public health measures to prevent plague infection have been wilfully disregarded have come to the attention of Dr. Liddell, he said.

Quick Quaker Oats

Cooks to perfection in
3 to 5 minutes

The Quaker Oats flavor has won millions the world over. This brand dominates wherever oat lovers live, for we flake it from queen grains only.

Now there's a quick-cooking Quaker, made from those same queen grains. It cooks in 3 to 5 minutes. It is the quickest-cooking oats in the world.

The oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small thin flakes cook quickly.

Say which you want. In either regular or Quick you get the finest flavor out flakes ever had. In Quick you get the quickest-cooking oat dish in existence.

There are now those two great reasons for insisting on this brand.

Port Arthur Paving Is Strong As Rock of Gibraltar, Says Rollins

Asserting that the city of Port Arthur is receiving probably the most durable concrete and the best paving being put down in any city its size in the South, A. P. Rollins, consulting engineer in charge of the paving work under construction, was proudly displaying a "churn" of the work at the city hall this morning.

The concrete, made from the 1-2-3 mixture proposed by the engineer to the city commissioners some time past, is as solid as the rock of Gibraltar," he says.

"It's the same kind they're pouring over on Seventh street at the present," Mr. Rollins explained, "and it's the same kind that has been used all over the city on the new paving work."

HOSPITAL BURNS. 350 ESCAPE INCINERATION

MONTREAL, March 16.—Lives of 350 patients in the hospital for incurables were menaced when flames razed the structure during the night. Attendees rescued every patient in the hospital without injury to any while the fire completely destroyed the building, causing damage estimated at nearly a million dollars.

IDEAL WEDDING AGE 23 TO 25

Professor Favors Early Ceremonies

NEW LONDON, Conn., March 16.—Twenty-three to twenty-five is the ideal age for both men and women to marry, said Prof. Roy H. Andrews, who holds the chair of household economics, Columbia university, speaking Wednesday to the students of the Connecticut College for Women.

"When people marry at 20 or 25," said Professor Andrews, "they are apt to be too set in their ways to adapt themselves readily to the psychological and social readjustments incidental to marriage."

"To facilitate earlier marriages, we should create some economic device which would tend to bring them about. As soon as a child is born, girl or boy, the parents should begin the creation of a fund for that child's future welfare. Also, there should be a gradual accumulation of personal things by children and young people, books, pictures, jewelry, furniture, particularly furniture, so that on reaching maturity the child feels an independence built upon concrete possessions."

"Thus we can make our children 'self-starters' in matrimony as it were, and the improvement in the well being of the race will be extraordinary. We can be sure."

HORSE SHOE CRAZE SWEEPING HOUSTON

HOUSTON, Texas, March 16.—The horse shoe craze has become a city-wide sport to such an extent that permission has been granted followers of the game to use the courtyards, lawns, "It's a good old American sport," Judge Bryan said in granting the permission, "and I know of no better use for the lawn."

ELECTION TOPIC AT CITY HALL

New 'Flour' Ballot Boxes Are Installed

Election time is coming. That is a plain fact in the city hall this morning. An air of preparation for the election has already begun to permeate the air about the city hall, and they a News reported cautiously approached a few of the city officials to find out what was going on. The city clerk, who is in charge of the election, said that the new 'flour' ballot boxes are being installed. He was informed very graciously: "Same old stuff—politics." And so it was.

Filed up in one corner of the hall which leads from the front door of the city clerk's office to the rear where the commissioners convene in the afternoon, were six large white boxes of tin construction. Commissioner A. A. Poteet was busy engaged looking them over. On their sides appeared the inscription: "Flour."

"What's those for?" he was asked. "They're to be used in the coming elections," the commissioner explained. "We've ordered 10 other boxes to be made at once, but we got these on hand, and when the proper holes are cut in the top for ballots to be slipped through they will serve the purpose as well as anything else."

Then the commissioner explained that after each election at least three ballot boxes must "come out of the running" and out of usage for a while, the ballots being stored away from them to be kept for reference of the courts in the event the particular election in which they were used should be contested.

Fixing ballot boxes an expensive article to purchase, as well as an unusually hard one, the commissioner has deemed it expedient to secure the "flour" boxes and prepare them for future elections.

"We'd have bought more of 'em," Commissioner Poteet explained, "but we got all they had."

Baby Born in Auto Wreck as Machine Hits Doctor's Car

DETROIT, Mich., March 16.—A baby was born to Mrs. John Cairns in the midst of a motor car accident. Mrs. Cairns was being driven to a hospital by Morton Kil-donk, a neighbor, when Kil-donk's car collided with that of Dr. Thomas Starke. Neither car was able to proceed. Dr. Starke attended Mrs. Cairns. The baby was born in Kil-donk's car. At the hospital where mother and baby were taken later, it was reported both were doing well.

VISITS MOTHER

Hugh McPhillip of 926 Beaumont avenue is in Mobile, Ala., for a few days with his mother, after attending the funeral of his sister, Mrs. Rose Cane in Birmingham, Ala.

Safe instant relief from CORNS

Our minute—and the pain of that corn! That's what Dr. Scholl's Zino-pads do! They remove the cause—pressure—and heal the irritation. They prevent infection from cutting your corn or using corrosive acids. They are waterproof. Safe for corns, calluses, bunions. Get a box today at your druggist's or shoe store.

Dr. Scholl's Zino-pads

Made in the laboratory of The Scholl Mfg. Co., makers of Dr. Scholl's Foot Comfort Applicators, Arch Supports, etc.

Put one on—this pain is gone!

MARRIAGE LICENSES

BEAUMONT, Texas, March 16.—The following marriage licenses were issued here today:

Frank L. Stevenson and Miss Edna Moore.

W. M. Stanley and Miss Florence Moore.

L. C. Burrow and Miss Olga Kirtine.

John Simon and Maggie Simon.

SUITS FILED

BEAUMONT, Texas, March 16.—The following suits were filed here today: In the 60th district court, E. H. Haden vs. Ethel Haden, divorce.

Edna Stanberry vs. S. Stanberry, divorce.

In the 58th district court, Tom Tortovics vs. Queen Insurance company of America, suit to collect policy.

Grace Kirkpatrick vs. Henry Kirkpatrick, divorce.

HURRYING YOUR COOKING

Sometimes a dinner is not correctly timed so that the vegetables are not tender when the rest of the meal is ready. A pinch of bicarbonate of soda added to the water in which vegetables are cooking will not injure the appearance or taste, but will hasten the process of cooking.

BAD BREATH

Sallow Skin, Sick Headaches. Are very disagreeable, both to yourself and to those with whom you come in contact. In the majority of cases bad breath is caused by a disordered stomach accompanied by sallow skin and sick headaches or some form of indigestion, with the result that the food you eat irritates the stomach tissues and leads to a condition which sometimes becomes very dangerous.

There are two methods to relieve this condition. Either the sufferer can go without food for a considerable time, or can eat what they like and counteract the bad effects of the food, and prevent the formation of gas, or the cause of heartburn by the use of EAT-AS-U-LIK.

EAT-AS-U-LIK has proven to be a safe and reliable indigestion remedy. Produced from the formula of a stomach specialist, it affords instant relief for indigestion, sour acid stomach, heartburn, gas on the stomach and any kindred ills.

EAT-AS-U-LIK is sold under a positive guarantee. For a limited time the Corner Drug Store, Hart Drug Store, and Owl Drug Store of this city will sell three 50c bottles of EAT-AS-U-LIK for \$1.00 (the price of two). If after taking one bottle the purchaser is not satisfied, he may take the two remaining bottles back to the drug store, unopened, and his \$1.00 will be refunded.

In 50c and \$1.00 bottles.—adv.

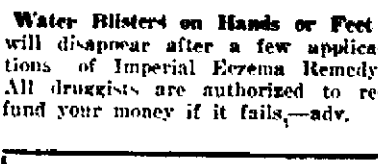

Dayton Goose Creek Rail Case Dismissed

BEAUMONT, Texas, March 16.—A decision in the famous Dayton Goose Creek railroad case against the government of the United States and the Interstate Commerce commission was filed today in federal court, denying a prayer for an injunction and dismissing the case.

The case was heard in New Orleans by R. W. Walker and Alvin C. King, circuit judges, and Rufus F. Foster, district judge.

The railroad company sought to prevent the Interstate Commerce commission from collecting one-half of the excess profits shown during the years of 1920 and 1921 and the order of the commission that the remaining half of the profits, above 6 per cent, be paid into a reserve fund.

Water Blistered on Hands or Feet will disappear after a few applications of Imperial Eczema Remedy. All druggists are authorized to refund your money if it fails.—adv.

SUITS \$15.75

No mistake about it. Just twenty suits all wool suits three piece suits that we will part with tomorrow at \$15.75. They're worth double or more. So Don't Delay.

Wife Referees Triangle Duel

By United Press. MEMPHIS, Tenn., March 16.—Frank Smith, 25, was in jail today and C. L. Marchison, 30, street car conductor, was out on bond, following an interrupted pistol duel over love of Smith's wife.

Police declared they interfered with the tangled love affair just in time to prevent bloodshed. Both men had drawn pistols and were pacing off for the shooting match in front of Mrs. Smith's rooming house when they were arrested.

Mrs. Smith, 20, beautiful blonde, was refereeing the duel, police said. The winner, it was agreed, would be her provider, although she and Marchison had pleaded with Smith to forgive them. She could not be located by authorities today.

Both duelists were charged with pistol toting and disorderly conduct.

Observance Planned For Old, Old Song

LONDON, March 16.—One hundred years ago next May 8, Home Sweet Home was sung in public for the first time. The melody came in the second act of an opera called, Clara, or The Maid of Milan, produced at Covent Garden. The libretto was written by a wandering American actor, John Howard Payne, and the music was composed by Sir Henry Bishop.

The opera died and was soon forgotten but the centenary of the imperishable song is to be observed here. As yet, the nature of the ceremonies have not been decided upon, but leading musicians have expressed hope that the anniversary will be observed by singing the song at concerts throughout the world.

Payne's footsteps eventually found their way back to the home of which he sang so sweetly, but he resumed his wandering life and died on foreign soil at Tunis, where he had gone as American consul.

Some of the Jonquil bulbs planted in parlors this winter really were Jonquils and not onions.

Barriers Close Meet, Portia Rise in Anger

LONDON, March 16.—The women's vote of anger has been discovered in the form of a new county sheriff. The sheriff of the county has not been appointed but what the sheriff will do is a matter of speculation. The women's vote of anger has been discovered in the form of a new county sheriff. The sheriff of the county has not been appointed but what the sheriff will do is a matter of speculation.

Portia is a trifle despondent and is urging the formation of "a men's club for women barriesters only" by way of reprisal. When ladies courts meet in the provinces the men in general are held in one of the leading hotels. It is attended on solemn occasions by the judge but for the most part it is a sort of exclusive club where counsel congregate after the day's work.

The midland circuit had decided to exclude women barriesters from the membership of its mess and an application from a woman barriester to become a member of the Old Bailey mess was refused.

Blood Test for T.B. Germ is Discovered

BERLIN, March 16.—Dr. Wasserman, who discovered the well known syphilis test, announced an interview with the German newspaper men that he had worked out a similar blood reaction test for detecting the presence of active tuberculosis germs.

The reaction is similar to his former test. He treats the tuberculosis bacillus with a chemical and then with a fat, getting a preparation which gives an active reaction only when the blood serum is infected with latent tuberculosis germs.

Dr. Wasserman asserts that most humans are infected with latent tuberculosis from birth, but healthy humans are able to throw it off or check its spread, keeping the germs from becoming active.

He declares one of the greatest values of this new test will be to give positive assurance of whether children are infected with latent or active tuberculosis germs.

Senate committee says gasoline may go up to a dollar. We told you once before it would cost enough to drink some day.

Would You

—throw away a dollar's worth of flour, sugar, butter, eggs and so forth to save 10 cents on a can of baking powder? That's what happens when you buy the "lots for the money" brands, and that's exactly what never happens when you use

CALUMET

YOU AND I

PERU
Lima, Peru, March 15.—A steamer trip of six days. An airplane line will be built, cutting the time to two days, including stop-overs. Captain Walter Simon tells about it. He's head flying man in Peru, born in New Orleans, still an American citizen. Simon says Peru is far ahead of us in organization and plans for adapting the airplane to commercial use. Take that with a grain of salt. But it does illustrate how the Latin American countries are coming to the front. A gorgeous civilization is in the making down there.

FLYING
The world's airplane speed record was broken recently by Sadi Lecoq, French aviator. He flew 233 miles an hour. Fear of us would care to go that fast. More important is the news from Dayton, Ohio, where a helicopter flying machine rises straight up in the air to a height of 15 feet and remains aloft nearly three minutes. The importance of this achievement is that the helicopter is the forerunner of popular flying. Flying divers that eventually be used as extensively as autos are now. By rising straight up and descending the same way, it does away with the necessity of a long field for "taking off" and landing. Will be kept in garages whose doors will be in the roof.

ADRENALIN
A baby is born dead in New York. Dr. Philip Minkoff injects adrenalin, heart starts beating, baby lives. Adrenalin, most powerful heart stimulant, was discovered by a Japanese scientist. A similar chemical, secreted by the adrenal glands attached to your kidneys, is what keeps you alive. At least, you couldn't live without it. The human body is a chemical machine. Scientists are learning more and more about it as they study the endocrine glands. M. Brown-Séquard, original gland doctor, was laughed at 30 years ago. Time proves he was right.

GERMANY
Germany's crop of bread grains last year was 45 per cent less than in 1912, reports our Department of Agriculture. This shortage, along with a decrease in meat animals, is as important as any news out of Germany. The European situation will be regulated to considerable extent by whether the Germans are well fed or undernourished. The stomach is more important to the Germans than most races. Keep in mind that hunger has been the greatest force in shaping history.

MEAT
Meat eaten by Americans in 1922 was equivalent to 150 pounds for every man, woman and child. That's more than half a pound a day for each grown-up, allowing for babies and young children who get little or no meat. The meat consumption indicates high national prosperity, compared with other countries. Health side is debatable.

Tom Sims Says
Never talk too long or too loud. An Ohio man has been paid for impersonating a congressman.

Boston taxi driver returned \$5000 found in his car, instead of thinking it was a tip.

Boose is dangerous. Wheeling (W. Va.) man dropped dead when he saw a load of beer being destroyed.

San Francisco husband seeking his divorce should be made an emergency movie star.

The airship Germany built America will make its test flight over the Rhine, perhaps so it will not have to go to jail.

Our ambition is to be president of the United States because his pay is so handsome.

San Francisco has launched a safety campaign against child car seats.

There is a survey to determine whether wealth is distributed fairly in this country.

There is a survey to determine whether wealth is distributed fairly in this country.

VOTE FOR THE STOCK LAW

The day of the free range should be over in Jefferson county. There was a time perhaps in the history of the county when it was a good thing, the fair thing, but that time has passed. Today the rights of others must be considered as well as the man who owns stock. Obviously it is unfair to permit cattle to graze everywhere without restriction. Many a front yard has been despoiled at night in Model and Griffing additions by roaming cattle. Many a woman, proud of her rose bed has gotten up in the morning only to find some straying bovine has torn it up during the night.

The menace of cattle on the highways at night is known to every owner of an automobile. To shackle this precinct in such a way that a stock law will not hold water is unfair and unprogressive.

Apparently everyone is for such a law. At least those who are opposing it have not come out in the open in their fight. That being the case let's have the law. The election is Saturday. It is your duty to vote. The law is as important to Nederland, Port Neches and Pear Ridge as it is to Port Arthur. All four of these communities are in the march of progress. Let's not hold them back.

EVER IN MEN'S MINDS

According to the men who make the program for the republican party, Warren G. Harding will be renominated without opposition. This was a foregone conclusion months and months ago. The man from Marion is to be given a clear field for a second term. He won by a majority of 7,000,000 in 1920. Two years later his party suffered a crushing defeat at the polls. Now the political prophets in the republican synagogue of the faithful say that the return of prosperity is certain to keep the reins of government in the hands of the Buckeye leader until 1928.

America has a political man of mystery. He has never said he is a candidate. He has never said he will be a candidate. He is claimed by the republicans, but he was the friend of Woodrow Wilson. He has backed democrats for office in his native state and the chronicles of political history say that his native and his organization helped to shelve Truman H. Newberry and Charles E. Townsend.

Be it known to all men that Woodbridge H. Ferris is the democratic senator from Michigan and the only one that the democrats have had for seventy years. Henry Ford is more than a political man of mystery. He is more than a presidential possibility. His works are household words.

In hotel lobbies, in office buildings, in workshops and factories, in private homes, on Pullman cars, on the section, in the general offices, where every one travels, there are American voters discussing Henry Ford, his achievements, his policies, his ambitions, his industrial ramifications, his Muscle Shoals proposals and the actions of congress in pigeon-holing it, his vagaries, a legend or otherwise, and what he would do if given a presidential nomination.

Men in all avenues of endeavor discuss Henry Ford. Plutocrats and proletarians talk of Henry and his plans and policies. He has a grip upon the public pulse, a place in the public mind, and perhaps a snug place in the public conscience. He is the all-absorbing and ever elusive political mystery of the hour. Twenty-three years ago he did not have the price of a chicken for Thanksgiving dinner.

Now he is said to be the richest man in America, having passed John D. Rockefeller in the race. He has a selling organization, the greatest of its kind known. He has an army of three or four hundred thousand employees. They may be democrats or republicans, generally speaking, but they are all Henry Ford men. He owns a railroad and is going to build another. He has become a mining operator with thousands of acres of coal lands to develop. He has recently purchased a large glass works and is a large buyer of glass sand.

He has revolutionized everything that he has touched. He favors a new financial system for the country and the world. He keeps Wall Street guessing all the time. He has staggered the minds of all other Napoleons of industry or finance. He travels alone. His like never existed before in the world of manufacture or commerce or industry.

He never invests his rapidly accumulating wealth in bonds or securities, tax-exempt or otherwise. He places it all in productive industry to increase his holdings and to give employment to workers of the world who may be idle. He hasn't a political machine. He abhors political bosses and their methods.

He is not a regular. He refuses to follow the elephant or mount the donkey. Men say that it would be impossible for him to capture the democratic nomination. They say that the republican nomination has been pledged or placed in pawn, in the name of the gentleman who says his shipping bill was talked to death.

Politicians, and this goes for democrats as well as republicans, say that the Michigan wizard could not win as the standard bearer of the third party movement. Regardless of this, they are all talking about Henry. They are all guessing.

They are all speculating, and the wise ones among them wonder what the devil will happen should Henry decide to head a third party movement in the presidential year and make a direct appeal to the farmers and wage earners of America.

Henry may not know it, but he is on the road. He may not sense it, but he is looked upon as the mystery man of American politics with another presidential election coming in the month of November, 1924. What will the harvest be?

Lloyd George is a grim humorist. He said he would like to have had the pleasure of reading his own obituaries. This, after he was pronounced dead by the editors of two London newspapers, who recalled their editions for the reason that the little Welshman refused to remain dead.

OVER THERE

Great Britain is always prepared. Now an appropriation of 18,605,000 pounds sterling is to be made by parliament for the upkeep of the aerial forces of the empire. And the British funding commission said that it would be impossible for Great Britain to pay its debts to the United States in less than 60 years, and that 4-1-2 per cent interest was the best offer that the funding commission could make. Now what are the statesmen of America doing for aerial defense and defenders?

HI JOHNSON ON THE ROAD

Senator Hiram Johnson of California declares that American representation in the World Court would be the first step to entering the League of Nations.

It is coming. Why should the California radical go up against a brick wall? If the Versailles Treaty had been ratified there would have been peace in Europe today, the reparations issue would have been settled long ago and there would have been a splendid market for the surplus products of the United States. Business is business. War is war. In peace times, the people work to pay the cost of war. They must get the wealth out of the ground. There must be a foreign market. There can be no prosperity at home if the wheat farmers produce 450,000,000 bushels of grain more than can be consumed in America or if the cotton farmer produces 12,000,000 bales of cotton and must find a market for 5,000,000 bales in foreign lands.

The Tangle

LETTER FROM PAULA FERRIS TO HER OLD FLAME, JOHN ALDEN PRESCOTT, WHOSE ENGAGEMENT TO LENNIE HAMILTON HAS JUST BEEN ANNOUNCED.

The papers tell me that very soon you are going to marry. Of course when I read the notice all our old associations it brings up and I wonder—yes, Jacques, I really wonder if you will ever be as happy with any other girl as you were with me. We were blissfully happy, we weren't we?

You have never mentioned me to that Miss Hamilton, I expect, but I am sure that to forget me you will not be able nevertheless; and sometimes when things go wrong and you misunderstands not, don't you know that old saying Jacques, "My wife is a lovely woman, but she does not understand"—well, when wife does not understand, perhaps to someone you will come back and you may tell us to her that her greatest charm is her understanding thoroughness.

We quarreled so long ago. What was it about, Jacques? Silly it was, I know, and that you would come back immediately I was sure; but you did not, and too proud I was to ask you to return. And now, some other girl into your life has come. You will be happy I sincerely hope, if only in that momentous way which all married people fall into, who claim to be happy. Possibly it is not for human beings to dwell on the mountain tops of love; the air is too rarified.

But I am getting romantic; to be very sensible I had intended, and to tell you that a bundle of letters I have tied up carefully in one of my bureau drawers.

I wonder how you would like them for a wedding present? Very interesting reading they would make for your wife, Jacques! I read one of them this morning. It made me feel quite unhappy. I shed a few tears. And very well you know that there is nothing or no one that is worth a tear in this world! But to realize this you have to go through affairs like yours and mine, wonderful dreams, dreaming, and to stern reality wake up as I did when of your coming marriage I read.

To this letter what will you say? Whatever it is Jacques, you cannot from the fact get away that once I to you was the only woman in the world. Hundreds of times you have told me that better than life itself you loved me. I am still always to you the same—PAULA.

LETTER FROM JOHN ALDEN PRESCOTT TO HIS FRIEND SYDNEY CARTON

DEAR SYD: I am sending you the S. O. S. sign as you will readily see when you read the enclosed letter. Isn't it a frigate? Isn't it just like that little French devil?

From it I can't tell whether she is trying to blackmail me into paying my letters from her, or whether she thinks that I am marrying to spite her or that as soon as I know her feeling toward me I will give up Lennie and fly to her again. What in the devil is she getting

CHUGGING ALONG
OZONA, TEXAS
When Lizzie departed her pain fairly shone. No fiver had more metropolitan tone. But now, oh, it's awful how shabby she's grown. Yet she still keeps chugging along. Going strong. Cheerfully chugging along!

Her wheels and her fenders are covered with much. Of one dozen states, and she looks like a truck. But still, with her most motable pluck. Miss Lizzie keeps chugging along!

New York and New Jersey and Maryland, too. The two Carolinas, Virginia—well, you could see, if you saw her, what travel can do. Though Lizzie keeps chugging along like a song. Peppily plugging along.

There's mud and there's dust Alabama supplied. We carry much Georgian soil as we ride. With mud Mississippi took care to provide. As Lizzie went chugging along.

From Louisiana there's sticky black stuff. There's Arkansas clay, which is gluey enough. But though half the roads have been

sticker or rough. Miss Lizzie keeps chugging along. The black mud of Texas, the dust of her plains, is plastered on Lizzie—and there it remains. But still, though she's worn out some three sets of chains, Miss Lizzie keeps chugging along. Going strong. Happily chugging along!

Her curtains are fastened with string and with pins. She rattles and squeaks as each new day begins. And yet, her journey she metly spins. Miss Lizzie goes chugging along.

No road is too rough and no mud is too deep. From crag onto crag she will merrily leap. At times she can race, and at times she must creep. But Lizzie goes chugging along.

Yes, somehow she gets there, she'll plough and she'll climb. When big cars lie down in the snow

or the alpine. And we'll get to Frisco O. K. and on time. As Lizzie keeps chugging along. Going strong. Consistently chugging along. —BERTON BRALER. (Copyright, 1923, NEA BRALER, Inc.) TOMORROW: In June

WITH YOUR ROUGE PARKED SO HANDY YOU CAN POWDER UP WHILE AWAITING THE NEXT PLAY

SOMETHING new and different readily could be applied to Port Arthur hostesses who are always planning surprises for their guests and arranging their hospitalities just a "wee bit" different from someone else.

And now comes the card table covers which have parking zones for dainties; for the woman, who gives a card party these days must make provision for her guests' dainties and powder puffs.

As everyone knows who goes to card parties, whether it be bridge, whist, five hundred, or whatnot, each young woman brings with her to the card table her dainties, compact or "vanity" or whatever it is she carries her powder and rouge in. The result is a continuous rattle of falling metal boxes that frequently disconcerts the one playing a difficult hand.

So now the newest black satiny, sateen and table covers are provided with little crimson pockets at the corners. These furnish a charming place in which to tuck the cards, dainties and the ever-present compact.

The corners of these covers are usually fastened to the corners of the table with either braid or ribbon. Something new are very long, tassels imported from China. These come in bright colors like neocolor, marigold or fuchsia and tend to weigh the table cover down. Besides this add a most artistic oriental touch that is very effective when a hostess gives a main-jong party.

TIME was when a party was not looked upon with favor unless all the guests could be seated around a table; but now the informal buffet supper has come to be considered in good taste.

Small apartments have caused the change. Many more people may be served with a buffet supper and much work is avoided by the hostess.

Sandwiches are served in a variety of fillings, piled daintily on sandwich plates. Small cakes, omelets and pickles are set in dainty dishes on the buffet for the guests to help themselves. Cakes and candies and sparkling coffee, tea, or lemon is served. Fruits, nuts, and other dainties are appreciated also by many folk.

When the guests arrive the dishes should have already been spread on the buffet and they are passed about by the hostess and her assistant. Coffee may be poured from the percolator on the buffet or it may be brought in from the kitchen.

During the course of the evening it is quite correct for the guests to help themselves to the refreshments which are kept on the buffet throughout the evening.

THE St. Patrick Dance at the Gulf Club Saturday evening will be one of the outstanding events of this week's calendar of events.

Elaborate preparations have been made to make this one of the most delightful affairs ever given by the Gulf Club. The St. Patrick dance will probably conclude the series of dances which the Gulf club has been giving during the season.

Over three hundred members and guests are expected to enjoy the pleasures provided for the entertainment on Saturday evening.

DR. AND MRS. T. W. YOUNG of 816 Procter street have as their guests, their niece, Mrs. A. M. Perkins and her two attractive children.

Dr. and Mrs. Young are expecting their son, James, home from Baylor University, for a few days next week. He will spend the intervening days between the second and third semesters here with his parents.

MRS. H. W. CORBETT ASSISTED by Mrs. Isabella Baruch, Mrs. L. B. Abbey, and Mrs. Charles Busby, delightfully entertained the members of the Corn Cameron Cann class yesterday afternoon at her home, 1846 Procter street.

At the close of the pleasant afternoon the hostesses offered a tempting refreshment service.

Those enjoying the session were Mrs. H. K. Goodwin, Mrs. A. F. Graham, Mrs. C. R. Robinson, Mrs. W. E. Blackstock, Mrs. L. B. Abbey, Mrs. L. Landy, Mrs. I. Baruch, Mrs. Charles Busby, Mrs. Frank Kearns, Mrs. L. E. LeMaster, Mrs. J. I. Brabo, Mrs. P. B. DeWitt, Mrs. J. A. Paschal and Mrs. H. W. Corbett.

MRS. W. E. CLINTON PROVIDED a charming hostess yesterday afternoon when she entertained the members of the Beta Division of the First Christian church yesterday afternoon at her home, 749 Waco avenue.

The hostess' selection of a pink and white motif to feature the afternoon hospitality was developed in the graceful arrangements of pink and white roses in crystal bowls about the room.

Following a short business session, a social hour was enjoyed and the hostess served a tempting luncheon.

On next Friday the Beta Division will meet in all day session at the home of Mrs. John H. Stanley, 2023 English street. The meeting is being held on Friday on account of the "Silver Tea" on Thursday at the home of Mrs. W. H. McLeod 2848 Procter street, with members of the Alpha Division as hostesses.

MR. AND MRS. HARRY H. HOLTON have returned after a delightful wedding tour of Dallas and Corsicana, Texas, and Tulsa, Okla., and are temporarily at home with Mr. Holton's parents, Mr. and Mrs. J. A. Holton, 2705 Fourth street. Later they will be located in their new home on Fifth avenue in the Model Addition.

and continuing throughout the day. Adorable bangles, aprons, lingerie, cakes, candies, pie, and Easter eggs will be on sale on this occasion. Orders for Easter eggs will be received by Mrs. J. H. Wilson, telephone 1954, and Mrs. Jack Morrisette, 1232 Procter 1313. The proceeds of the bazaar will go to the building fund. Mrs. C. B. Manley had charge of the mission study which followed the business session.

Those present yesterday were Mrs. J. V. Akin, Mrs. P. E. Akin, Mrs. C. T. Baker, Mrs. H. G. Bell, Mrs. C. B. Manley, Mrs. W. G. Robinson, Mrs. R. L. Rutan, Mrs. W. B. Stokes, Mrs. S. D. Stuart, Mrs. J. D. Tarrant, Mrs. Jack Morrisette, Mrs. S. S. Ladd, Mrs. A. Bland, Mrs. E. J. Dagle of Centerville, La., and Mrs. D. A. Dagle.

Group Six will meet in an all day session next Tuesday with Mrs. S. D. Stuart at the Stuart Apartments, 2233 Procter street, the morning session beginning at 10 o'clock. All members are urged to attend this meeting.

MRS. J. A. HOUSE OF 704 Eleventh street has returned from Hope, Ark., where she attended the funeral of her brother-in-law, A. F. Starks. Mrs. House remained in Hope several days on account of the illness of her sister, Mrs. Starks.

MRS. L. W. MCBRIDE GRACIOUSLY entertained the Alpha Division of the First Christian church yesterday afternoon at her home, 1521 Procter street.

Plans for the "Silver Tea" on next Thursday afternoon from 2 to 5 o'clock at the home of Mrs. H. W. McLeod, 2848 Procter street, were discussed. The remainder of the afternoon was spent in sewing and making articles and Easter baskets for the Easter sale to be held downtown on Saturday afternoon, March 31st.

Those in attendance yesterday afternoon were Mrs. M. J. Feigen, Mrs. H. W. McLeod, Mrs. C. T. Allen, Mrs. C. E. Lawler, Mrs. W. P. Inman, Mrs. O. W. Keith and Mrs. L. W. McBride.

SIXTY-FOOT WHALE BROWNSVILLE, Texas, March 16.—A whale, sixty feet in length, cast up on the beach five miles below the mouth of the Rio Grande on the Mexican side by a gale Monday.

It has been viewed by many persons in this vicinity. Residents said it was the first whale ever seen on this part of the Gulf coast.

Enjoying this charming occasion were Miss Hannah Bos, Mrs. Sam Ransom Jr., Mrs. Jack Burr, Miss Vivian Munk, and Mrs. A. C. Walker Jr.

Miss Vivian Munk will be the club's hostess next week at her home, 1148 Eleventh street.

MR. AND MRS. JOHN YOUNG and their son, John Jr., leave today or Saturday via automobile for El Paso, where they will make their home. Mr. Young will go into business at Juarez.

MRS. W. W. GLASS WAS GRACIOUS hostess to St. George's Episcopal Guild yesterday afternoon at her home, 1525 Procter street at one of the most interesting sessions ever held by the Guild.

Those enjoying this session were Mrs. Nora Keith, Mrs. Frank A. Low, Mrs. May Jenks, Mrs. G. H. Eubank, Mrs. Walter Monroe, Mrs. Floyd Robinson, Mrs. Stapleton, Mrs. L. B. Frank, Mrs. T. T. Fitzgerald, Mrs. M. J. Panton, Mrs. M. Whorter, Mrs. A. S. Moore, Mrs. Dornoch, Mrs. Thomas F. Brooks, Mrs. J. A. Frampton, Mrs. Blaine, and Mrs. W. W. Glass.

On next Thursday Mrs. A. S. Hayton will be the Guild's hostess at the Lake Shore apartments.

MRS. W. L. GILBERT OF HOUSTON, formerly of this city, is visiting with her father, R. S. Tatum of 1610 Tenth street, and other relatives in the city.

MRS. D. A. DAIGLE WAS CO-ED hostess to Group Six of the Missionary Society of the First Methodist church, South, yesterday afternoon at her home, 2301 Seventh street.

Group Six will hold an Easter bazaar downtown on Saturday, March 31, beginning at 10 o'clock.

MA TALMADGE'S Manners. by Norma Talmadge

The march of man from savagery to civilization can be measured by his menus. One's primitive instincts come more closely to the surface at eating than at any other time. Possibly that is why civilized men and women have wisely made social dining an important function. The wise observe always the nicest formalities of the dining room.

WHEN DINING OUT

1. Guests of refinement make no comment on food except to praise.
2. One takes some of every course on his plate, and partakes of it, if only lightly, instead of refusing.
3. The guest at a formal dinner or luncheon never asks for a second helping of any dish.
4. The guest who has an accident, such as dropping a fork or even overturning or breaking a dish, will not make profuse apologies. A simple word or two to the hostess suffices.
5. The guest unfortunate enough to break a valuable dish may replace it with a duplicate or near-duplicate, within a day or two, sending along an apology.

IT'S BAD MANNERS for a guest at dinner to rise and rush away at the end of the meal.

GOOSE CREEK MAN DEAD IN BAYOU

GOOSE CREEK, Texas, March 16.—The body of J. A. Swenson, 45, was found in Cedar Bayou three miles below here yesterday. Indications were that the man had been stricken with an attack of heart trouble and had fallen into the water. He had been dead but a few minutes when found.

SALT OR BRAN

Clean your grass turps or matting by sprinkling with weak salt water or bran water.

CLEANING THE SILVER

Clean tarnished silver by rubbing with a piece of raw potato dipped in baking soda.

SMALLPOX CASE FOUND

ALVIN, Texas, March 16.—A mild case of smallpox was discovered here recently. A man, whose home is in Alvin, but who has been working in the Arkansas oil fields, returned home ill and when visited by a local physician was found to have a case of smallpox. The case was immediately quarantined by the city health officer.

MANY PROBLEMS FOR FREE STATE

Government Does Good Job Financing Expenses

How will St. Patrick's Day, 1923, find Ireland? To answer this question, News-REA Service sent Milton Bonner there. This is his third dispatch.

DUBLIN, March 16.—The young Irish Free State, once it has put down rebellion, will have enough other serious problems on its hands. In the main they are the same problems that all Europe is tackling.

FINANCES: Many, reading about fighting, doubtless think the government has a hard time getting money. As a matter of fact, it has done splendidly.

Between April 1 of last year and the 10th of February this year—the date of the last report issued—the government collected nearly \$110,000,000. Of this, more than \$15,000,000 was from income taxes, \$70,000,000 from tobacco, liquor and similar taxes. On February 10 there was a balance of \$1,400,000 in the treasury.

However, the government is facing a deficit for the reason that it is maintaining an army of 20,000 men. Just as soon as peace is assured, this army will be greatly reduced. Meanwhile money needed to overcome this deficit will in all probability be raised by an internal loan.

UNEMPLOYMENT: The last report on unemployment in the Free State showed 58,000 out of work, as compared with 51,975 in the same period last year. Of these, 30,106 were men and 27,893 were women.

Dublin, the metropolis, has the largest number, 11,184; Cork has 6510; Limerick, 1598; Waterford, 1577 and Wexford, 1171. Many of these are drawing unemployment.

NEW ROSES FOR LITTLE CHEEKS

ARE your children pale and thin, weak and languid? Build them up for the long, hot summer with Gude's Pepto-Mangan. It will help them put on solid, glowing flesh, bring back the roses to their cheeks, the brightness to their eyes, and the health, vigor and vivacity which "spring fever" have taken away.

Your druggist has Gude's, and will tell you that for years physicians have prescribed it as a reliable, effective tonic. Liquid or tablets, as you prefer.

Gude's Pepto-Mangan Tonic and Blood Enricher

Few people are satisfied to eat the same bread indefinitely no matter how good it may be. The vast majority tire of that "sameness" in taste and demand a change sooner or later. The cry of all time has been give us bread of the kind that mother used to make. It remained for

"SPECIAL BREAD"

To answer the call. Special bread is just a little bit better than any bread that was ever baked. We are still making Table Bread. Ask your grocer for it.

ORANGE LEGION BEGINS DRIVE

Plans Are Laid for \$15,000 Club House

ORANGE, Texas, March 16.—Legionnaires here are about to launch a drive for funds to construct a \$15,000 club house for the permanent home of the Lloyd Gables Post, American Legion. Plans of the building show spacious club rooms, auditorium, a completely equipped gymnasium and other club house features.

Post Commander Alfred has appointed committees to handle the campaign. At the present time the Legion members are meeting on the second floor of the Old Fellows building.

Backed by the Young Women's Business League here, the proposition of establishing home demonstration service in the county, under the direction of a special agent and the Texas A. and M., will be presented to the county commissioners at their regular session today by Mrs. Kate Henley Daugherty, of the Texas A. and M. college.

Inspection of the Round Church bridge, across Cow bayou, on the Sabine lake road, also is expected to be made today by the commissioners.

A 10 per cent dividend has been paid by the Little Six Oil Company, organized by a number of Orange people. The Hamilton oil company, purchaser and developer of the Little Six's south half of Cheeson's famous 45-acre tract.

Considerable interest is being manifested here in the word from Houston that Ed Kennedy, rail promoter, is planning to connect Orange with Port Arthur, Beaumont and Houston by an interurban line. It is believed that Orange could be counted on to back the project of bringing the line to this city.

Sabine river is 123 feet above normal flood stage and steadily rising. High winds tended to swell the flood sweeping down the river. Ferries are still operating without difficulty.

Youth Enters Lions' Den to Get Cash For Sister's Doctor

LONDON, March 16.—The hapless, prodigious boy in London today is 15-year-old Alfred Gattica, the son of an ambitious conductor.

Alfred recently was offered 50 pounds if he would enter a cage at circus lions with the trainer.

For two days the boy considered the offer, his thoughts constantly turning to the 12-year-old crippled sister who would be benefited immeasurably by the operation the money would make possible.

"Lions or no lions, I'll do it," he decided and engaged a first-rate surgeon. Then he fulfilled his part of the bargain.

The surgeon, however, pointed out the circumstances and insisted upon giving his services without charge, whereupon Alfred promptly turned over the 50 pounds to his sister.

MAXIMUM FIRE CREDIT YOKUTIM, Texas, March 16.—A reduction in the fire insurance rate for this city has been announced, effective March 1, 1923, the maximum of 15 per cent having been allowed. Policies written since March 1 will be at the new rate.

JENNINGS ELKS ELECT NEW OFFICIAL ROSTER

JENNINGS, La., March 16.—With one of the best attendances at any meeting held this year, Elks of this place elected officers in the lodge Thursday night. The following were elected for terms of one year: Edward C. Hart, exalted ruler; H. L. Boudreau, secretary; H. W. Shelton, treasurer; L. L. Richard, esteemed leading knight; Roy Twitchell, loyal knight; Paul Ledonne, lecturing knight; Charles Hainobach, Tyler; and J. C. Hazel, representative to the grand lodge, meeting in Atlanta next July.

27 SPOONS IN MAN'S STOMACH

Silver Chest Mystery at Asylum Solved

PARSONS, Kans., March 16.—The mystery of the missing silverware at the state hospital for epileptics here was solved today when 27 teaspoons were found in the stomach of James A. Madgren, a patient, physicians declared.

An operation on Madgren's stomach also disclosed a handful of wooden sticks and a safety pin.

Table silver disappeared mysteriously for several weeks. An attendant yesterday saw Madgren top off a teacup by swallowing one spoon and reaching for another. An X-ray examination revealed the silver chest and an operation was ordered. Madgren had been in excellent health.

Physicians and hospital attendants were unable to explain the physical feat whereby Madgren could dispose of an ordinary teaspoon in one gulp.

THIS CIGARETTE WON'T "DROP" ANY ASHES

LONDON, March 16.—Prof. A. M. Low, who was responsible for many of the war inventions of Great Britain, has now turned his attention to peaceful inventions. His latest invention is aimed toward domestic peace. It is a cigarette that has "ashes" which won't fall on the floor. The cigarette has a small strand of asbestos thread in the center, and this holds the ash so that it will not fall and must be knocked off. The housewives are in favor of it, but the government isn't, for there is a law forbidding the manufacture of cigarettes which contain any material other than tobacco and paper.

BIG ELECTRIC SIGN ADORNS TAILOR SHOP

An electric sign over the Ader and Paschal Tailoring establishment, 621 Procter street, adds lustre to the city's "bright lights" section. The sign is swung outward from the shop, and is plain white lettering against a black background.

JENNINGS LAUNCHES BETTER MILK DRIVE

JENNINGS, La., March 16.—Meeting with a number of citizens from Jennings, Ikonoke and Welsh, Miss Mary E. Thomas, expert dietitian, from the Louisiana State University, organized this parish Thursday for the statewide "Better milk, better health" campaign, which will be held the last week in April.

A survey of the schools will be made in the interest of the campaign, and the children given facts about milk as a food. A contest in drawing advertising posters will then be launched in the schools.

SEAGULL STAFF PLAY TONIGHT

Proceeds to Go to School Inter-scholastic Fund

Effective backgrounds and stage settings, distinctive costumes, and unusually well-chosen casts will feature the plays, "The Maker of Dreams," "The Pot Boilers," which will be presented this evening at 8:15 o'clock at the Franklin auditorium of the Seagull staff.

The story of "The Maker of Dreams" takes place in the stage house of Pierrot and Pierrette, a Parisian setting of black and white, giving an attractive setting for the playlet. The story centers around Pierrot, who after searching in vain for the ideal woman of his dreams, realizes that he was Pierrette. Miss Jeanne Seville was the part of Pierrette and Everett Miller is cast as Pierrot. Harry Kline is seen as "The Maker of Dreams."

A dress rehearsal of the play, the one showing the library of the home of Sud, the playwright, constitutes the one act of "The Pot Boilers." Humorous situations occur throughout the play when the actors take literally all directions given by the playwright. Eugene Montgomery is cast as Sud, the playwright; and others in the cast include Everett Palmer as the villain; Harry Whigler, the hero; Miss Pearl Hackett, an adventuress; Miss Johanna Scafer, a vamp; Francis Dunn, the vamp's father; and Edwin Axtell, a young dramatist.

The proceeds of the plays will go toward the fund being raised by the Seagull for the expenses of students in the Inter-scholastic League contests. The school does not defray these expenses, and the Seagull staff is trying the plays to help their worthy classmates.

The High School Band will give a concert between acts tonight. Tickets are now on sale at Hart Drug company, and may be secured at the Franklin school tonight.

THE JURY AWARDS HIM \$1

BEAUMONT, Texas, March 16.—J. C. Clark, negro, suing N. Spurlis, taxi driver, for \$15,000 for injuries when he was struck down by a car driven by Spurlis, was awarded \$1 in district court here.

MATCH IN POCKET BURNS CHAUFFEUR

GOZVALES, Texas, March 16.—A. C. Grant, truck driver, was in a serious condition at a local hospital here suffering from burns sustained when a match ignited in his pocket setting fire to clothing.

MAN INJURED BY BULL

YOAKUM, Texas, March 16.—C. Frank, a dance man of near this city, was badly injured when gored by an angry bull of his herd. Mr. Frank was brought to the John Huth Memorial Hospital, where the attending physicians report the sound of a serious nature.

RUB RHEUMATISM PAIN FROM SORE ACHING JOINTS

What is rheumatism? Pain only. St. Jacobs Oil will stop any pain so quickly.

Not one case in fifty requires internal treatment. Rub soothing, penetrating St. Jacobs Oil directly upon the tender spot and relief comes instantly. St. Jacobs Oil is a harmless rheumatism and venereal liniment, which never disappoints and can not burn the skin.

Limber up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you will be free from rheumatic and aching pain, soreness, stiffness and swelling. Don't suffer. Relief awaits you.

Old, honest St. Jacobs Oil has cured millions of rheumatism sufferers in the last half century, and is just as good for aching muscles, lameness, backache, neuritis and neuritis today.

HIGHWAY COMPLETED IN TRINITY DISTRICT

TRINITY, Texas, March 16.—The new gravel highway, known as No. 19, through Trinity, has been completed. This road was built with a bond issue of the Trinity road district, supplemented by state and federal aid at a cost of approximately \$200,000. The work began at the Trinity river bridge and extended north to the Houston county line, a distance of 17.8 miles. Tourists now have a paved road from the river bridge to a point four miles of Love, in Houston county.

CARGO OF EXPLOSIVES

GALESTON, Texas, March 16.—One of the latest shipments of smokeless powder to pass through the port of Galveston since the beginning of the world war was cleared yesterday when the steamship Carol departed for Port Washington, with 537,237 pounds of explosives.

MEXICAN FIELDS FAILING IN OIL

Bedford Says U. S. Investors Will Lose \$250,000,000

NEW YORK, March 16.—An announcement that American investors face a loss of \$250,000,000 in Mexican oil fields failed to depress oil stocks on the New York Exchange today.

The statement that salt water has seeped into the Mexican fields, ruining wells and that American companies stand to lose half their \$500,000,000 investment, was made by A. C. Bedford, chairman of the Standard Oil Company of New Jersey, in an article in the magazine Foreign Affairs.

In addition to this money loss,

America faces an actual shortage of oil, unless new fields can be opened up, Bedford says. He insisted, therefore, that Mesopotamian and other foreign oil districts should be opened for the general good.

Significance was attached to Bedford's statement that his company desired only to produce and sell oil at the lowest possible figure in view of Senator La Follette's recent charge that the oil companies have power to force gasoline prices up to a dollar a gallon.

Pan-American Oil issues on the New York Stock Exchange fell off a point today but Mexican oil on the curb rose two. Other independent oils, including Maracaibo, Southern States and Penn Beaver, gained. Standard oil stocks were fractionally easier.

At the office of the Mexican Petroleum Company, it was stated that Bedford's assertion were not new, that the same statements were made two months ago.

GREATEST DRESS OFFERING EVER MADE IN THIS MARKET

Pre-Easter Celebration

We don't know of any better way of marking this Easter Celebration than by giving our customers most extraordinary values and by adding hundreds of new customers. SATURDAY

Is the Day
We Put the
Cattle Away

Remember!

VOTE

FOR

The Stock Law

Tomorrow! Saturday

No longer is Port Arthur a prairie.

Then, why should hundreds of cattle roam our streets, endangering the lives of all our citizens and destroying our property?

The cattle must be fenced in if Port Arthur and vicinity is to progress.

It is unsafe to drive your automobile along the highways.

It is unwise to plant trees, shrubs and to beautify lawns when all vegetation is at the mercy of the cattle.

There is no excuse for roaming cattle today. There is no justice in forcing cattle on others for their feed.

The days when the whole community suffers for the benefits of a few are about to cease.

Vote for the Stock Law.

*See that all your friends Vote.

There is plenty of opposition, don't overlook that fact. Every Vote must be cast. Tomorrow is the deciding day. Vote. Vote. Vote.
